MEGA PERKASA JAYA

"Constructing Excellent Trust"

CO.

Good company in a journey, makes the way seems shorter.

Increased economic growth will be realized and achieved if it is in line with the development of a complete and adequate infrastructure. Indonesia, as the largest archipelago in the world, still needs a lot of infrastructure development in various regions to accommodate the economic wheel equally. Not only the government, are various stakeholders such as companies needed to contribute either in infrastructure or economic development. Seeing the opportunity and high demand, PT. MEGA PERKASA JAYA has decided to develop a business which focuses on general suppliers and contractors
